Gino is a great guy. Very professional and will advice you on how to keep your home safe from pests by identifying the spots from where you might have future pest growth. He inspected each and every corner of the house and did a great job as soon as he started spraying all the bugs started coming out cockroaches, spiders etc from hiding and started slowly dying.

Absolutely awesome job and will definitely recommend Gino.

Thanks for your help Gino.

I live out in Rossmore/Leppington on acreage so spiders and insects are a real problem. I called Ceyhan from OCG to come out and do a spray and I thought he was just going to do a once over and that's it. However he was very thorough with every part of the house inside and out, did an inspection of entry points and gave me a few tips on how to keep spiders and insects out. Highly recommend and will use his service again

Very happy with this Pest control company.

Gino was easy to communicate with, punctual and very professional. He showed us a few entry points for us to keep an eye on during the year. Something not done before by others. Price as quoted.

Very friendly guy, highly recommend Gino and this company.

This is the 2nd year we used OCG pest control Termite inspection. We make sure that we do pest control yearly before summer comes in. This year was no different from last year. They are always on time, respectful, and would even give tips to avoid bugs or rodents to come to our house.

The fee is also very reasonable considering the kind of top notch service and add on advice that you are getting. Very Very professional! I would recommend them to my neighbors and friends and will sure book them again next year. Thank you for keeping our home pest free!! And i end this by saying they found a red back spider with its eggs outside our front garden hiding under a plant and a rock... which i would never see... This is why you hire experts... and why i never skip pest control before summer....

Thank you soooo much OCG pest control!!!

Ceyhan from Ocg pest control leppington did a great job. Very thorough. Advised things id never thought of to prevent. His safe chemicals killed redbacks and paper wasps instantly. He was also very cautious and careful around our birds and cats. The chemical had no smell what so ever and left no stains.

Highly recommended to all our family and friends. Best pest control in leppington by far. Thanks guys!

We had Gino perform a termite inspection and general pest inspection and treatment for our property. He was awesome and really thorough in his work, explaining every step of the process and what he was looking for and why he was doing each step. He also was great with our pets and really nice overall. Would 100% recommend to anyone needing pest protection and termite inspection.

I would highly recommend the guys at OCG. They took the time to go through the house thoroughly and show me insect access points and gave great tips to stop them from getting into the house. Really professional, on time and very friendly. Thought I didn't have a problem at all until dying roaches started dripping from the ceiling within minutes of the spray, which was really surprising since I hadn't seen any up until that point. Great job guys

OCG Pest Control provides best of the best service you can ever get regarding pest control. OCG pest control has performed termite protection measures for all of the projects of Sandtech property group. So far he has provided services to 35 newly built houses and 4 renovation with alteration. In one word, OCG Pest Control is most reliable, affordable, punctual and best customer service. As an example, OCG (gino) installed perimeter termite protection at one of our projects at Leppington within 12 hours of placing the request to him. It was a urgent request to him with really short notice but he has done the job by squeezing me in within his today's schedule. I would always recommend OCG Pest Control to everyone.

Gino was very enthusiastic and professional, he also helped in discussing openings to the house where pests are entering and how we could try to close the gaps. Very happy with his service haven't had any creepy crawlies inside the house since.

Gino is the Real Spiderman!

As fast as a few minutes, the spiders were crawling out of their hiding places ready to die.

Excellent service, very knowledgeable and expert professional. Provides value add service which no one offers as per my experiance such as inspection of the house, specific advices and guidance how to prevent pest in future. I will definately get his servoces again. Exceeded my expectations! Would highly recommend.
